

**NEW!**

# TIG Brush® TBX-150

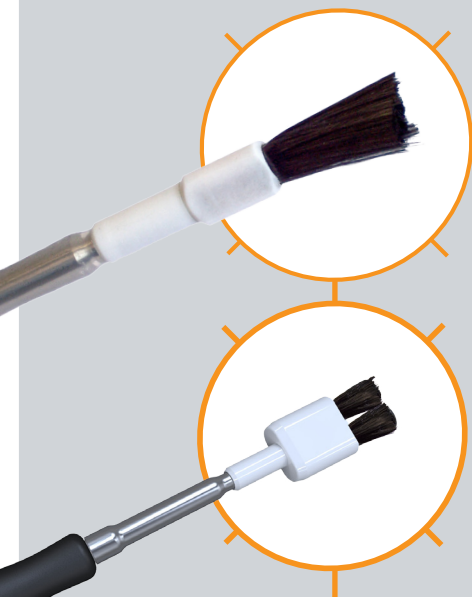

STAINLESS STEEL WELD CLEANING SYSTEM

## Lightning Fast Stainless Steel Weld Cleaning!

Ensitech's proven technology now in an even more affordable package.

Now with patented Dynamic Power Transfer!

### Unique High-Temp Brush

The TIG Brush has solved the access and burn-through problems of hard electrodes, by replacing them with a brush. The unique brush design provides fast, high-quality results even in the most inaccessible areas.

## STAINLESS STEEL WELD CLEANING SYSTEM

### fast

#### Seeing is believing!

Dynamic Power Transfer delivers evenly distributed power for speedy, high-quality cleaning and brightening on all stainless steel grades and thicknesses.

### safe

#### Leave pickling paste behind forever!

Low-toxicity cleaning fluids, low voltage and easy water-based clean-up combine to protect both the operator and the environment.

### flexible

#### If you can weld it, TIG Brush® can clean it!

Cleaning tight corners and crevices is a breeze with the TIG Brush, while cable extensions can increase your reach up to 6 metres.

### efficient

#### Superior results from innovative design

Low-cost consumables make the TIG Brush the clear class-leader in value for money.

Long Life Brush

TB-30ND Non-Dangerous Weld Cleaning Fluid

TB-25 Weld Cleaning and Polishing Fluid

### tough

#### The go-anywhere weld cleaning system!

The robust design of the TIG Brush takes bumps and spills in its stride. On-site or in the factory, it just keeps on performing.

Optimised for larger brushes	2X
Power output/speed	Standard
Maximum reach with extension cables	6m

New patented technology for improved performance and energy efficiency

Don't believe our claims? These guys didn't either:

**"It's fast, it's easy to operate, and above all I can even put an inexperienced employee to work on it and know that he's safe"**

Tom Lindsay, Lindsay PieMaking Equipment, Emu Plains, NSW, Australia. Award-winning manufacturer and exporter of Simple Simon pie machines

**"We give our TIG Brush a real hammering and it never lets us down. And we know Ensitech is right there to support us if we need it"**

Bill Spence, All About Metals, St Marys, NSW, Australia
